3D Texture in Black

The CAM762 Silencer: Free Flow 7.62 Max Suppressor

Jaguar Silencers are as accurate as they are silent. The free flow design along with the “intermittent flow” system provides the best in suppression with extremely low blow back. The Jaguar expanded chamber pockets add increased suppression and strength. Built using Additive Manufacturing with Aerospace Grade materials giving you the toughest and most high-tech silencer on the market.

Available in Direct Thread or Standard HUB Mount. HUB Mount fits any HUB Compatible QD Muzzle Brakes and Flash Hider Systems. Available in four texture options and four color options.
