

CAM45 PISTOL SILENCER

JAGUAR

SILENCERS

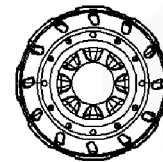

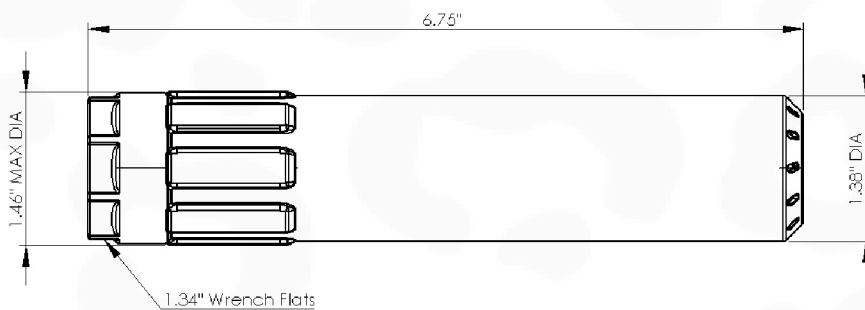

Shown with Booster Device
with "Freedom" 3D Texture in
Flat Dark Earth Distressed

The CAM45 Silencer: Free Flow 45mm Max Suppressor

Jaguar Silencers are as accurate as they are silent. The free flow design along with the "intermittent flow" system provides the best in suppression with extremely low blow back. The Jaguar expanded chamber pockets add increased suppression and strength. Built using Additive Manufacturing with Aerospace Grade materials giving you the toughest and most high-tech silencer on the market.
