# JAGUAR SILENCERS

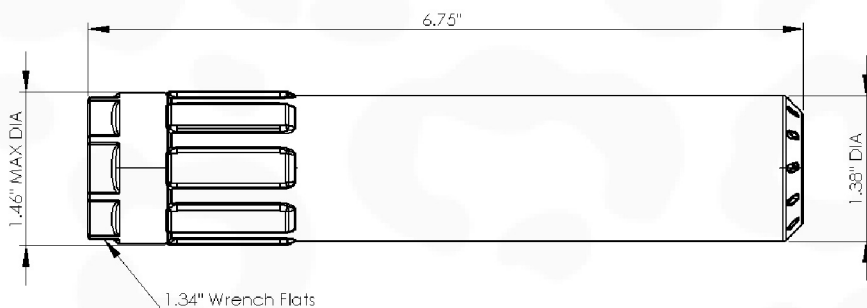

Shown with Booster Device  
with "Freedom" 3D Texture in  
Flat Dark Earth Distressed

## The CAM9 Silencer: Free Flow 9mm Max Suppressor

Jaguar Silencers are as accurate as they are silent. The free flow design along with the "intermittent flow" system provides the best in suppression with extremely low blow back. The Jaguar expanded chamber pockets add increased suppression and strength. Built using Additive Manufacturing with Aerospace Grade materials giving you the toughest and most high-tech silencer on the market.
